

# BECKFOOT OAKBANK STRATEGIC VISION 2018—20

## OUR JOURNEY TO OUTSTANDING STUDENT LEADERSHIP

### WHAT WE BELIEVE IN AT BECKFOOT OAKBANK

Our students feel safe and happy in their learning environment. We forge a community where all members enjoy school and have respect for one another. Student leaders are role models and are prepared for life beyond Beckfoot Oakbank.

Our students aspire to be the best, and always come first.

Our curriculum is designed to meet the needs of all learners and abilities at Beckfoot Oakbank.

As leaders, our students will have a positive impact both on their own learning and in improving the school and wider community, locally and nationally.

Our students actively participate in an enrichment programme that is inclusive and available to all.

Our students demonstrate aspects of the Beckfoot Oakbank learner on a daily basis.

Our student leaders embrace the Beckfoot Trust and work collaboratively to help all our students achieve great things.

### OUR BECKFOOT OAKBANK STUDENT LEADER

### MEASURING IMPACT

Beckfoot Oakbank has 700—1000 students taking part in student leadership.

Every student leadership committee will take actions that have a positive impact on school.

All our students aspire to improve their attitude to learning, receiving an average below 2—modelled by all members of the Student Leadership Team and Impact Group.

### CORE PURPOSE

We want our school to be a positive and respectful community. Working together, we will inspire students to become leaders and provide support and challenge for all, helping to develop creative, confident and aspirational learners. We will work with all members of our school and Beckfoot Trust Schools on our journey to outstanding student leadership.

### Our strategic priorities are that:

#### BY 2020 OUR PRIORITY IS TO IMPROVE STUDENT LEADERSHIP AT ALL LEVELS TO ENSURE THAT:

- Our students will be confident, approachable and willing to help others. They will be interested in and communicate to others on local, national and global issues.
- Our students will become active citizens and will engage in enrichment opportunities, both in school and the wider community.
- Our students will establish links with our Trust partners and promote collaboration, competition and celebration across the Beckfoot Trust Schools.
- Our students will establish links with our Primary feeder schools to promote collaboration and support transition.
- Our students will work alongside and establish links with parents, former students, local businesses, council, local government and charities.
- Our students will receive rewards and praise for being role models both in our school, local and wider community.
- Our students will promote and encourage a healthy lifestyle, both in our school and the local community.
- Our students will access leadership opportunities across all year groups. Students who actively participate in student leadership will be central to decision making.
