

Key Stage 3 Additional Learning Resources

Seneca

<https://www.senecalearning.com/>

Seneca have a range of KS3 resources to help with learning from home. You can create an account (*all you need is an email address, so the school one is perfect for this*). You then need to go to 'Add Courses', then filters by 'Free' (in the 'Price' tab) and 'KS3' (in the 'Age Group' tab) it will show you the options that you can go on to (see below). Seneca provides feedback on quizzes so students can see what they know and what they don't.

Education Quizzes

<https://www.educationquizzes.com/ks3/>

A good site is Education Quizzes, which has a range of quizzes on lots of subjects, providing instant feedback to students. It should reinforce learning from sites like [BBC Bitesize](https://www.bbc.com/bitesize), plus what you have already covered this year and last.
