Dear Year 12 and 13

The National Enterprise Challenge

We are excited to offer students in **Years 12 and 13** the opportunity to take part in this year's **National Enterprise Challenge**. You are invited to join the UK's largest enterprise competition for secondary schools.

This year's challenge is for each student to develop their idea of a perfect University. This will involve you designing what you think a campus should look like, along with which course specialisms and facilities it should have. So how do you think a University should look and operate? This is your opportunity show us your ideas.

Are you up to the challenge? All students who sign up will be given access to an online platform which will guide you through manageable bitesize tasks. Each task will be explained through a video and supporting documents, with a live chat function available should you have any questions. The platform will be used to upload your ideas and completed tasks. There is right or wrong idea for this challenge. You can be as creative and imaginative as you like. Student have until the end of June to complete all tasks. Once your idea has been submitted it will be reviewed by school and the challenge organisers. Students across the country will be shortlisted and put forward for the virtual final taking place in mid-July.

To sign up for the challenge please email Mrs Towers at oakto@okbank.org.uk by Thursday 14th May.

Kind Regards

Mrs Towers
Higher Education Progression Officer
